Aqua-Boy 299 Calibration Resister

1. Product Description

The calibration resistor is plugged into the socket of the Aqua-Boy in the place of the measuring cable. This allows the calibration of the moisture meter to be checked accurately and simply.

A specific calibration resistor is needed for each type of moisture meter.

2. Additional Information

Supplier	Aqua-Boy
Meter Type	No
Built In Scale	No
Additional Scales	none
Products Measured	No
Product Uses	Construction
Accuracy	No
Reproducibility	No
Operation	No
Display	No
Guarantee	1, year
Power Source	None
Power Type	None
Width	No
Height	No
